Week 1

From Pastor Arlen:

Remember all of the things that you have to be thankful for today....

your family and friends.....

your health.....

your home.....

all of the countless blessings that God has given you over the years.

Let us pray together:

Our Father who art in heaven, hallowed be thy name.

Thy kingdom come.

Thy will be done on earth as it is in heaven.

Give us this day our daily bread, and forgive us our trespasses, as we forgive those who trespass against us, and lead us not into temptation, but deliver us from evil.

For thine is the kingdom and the power, and the glory, forever and ever.

Amen.

Holy Holy Holy

Holy, Holy, Holy

Lord God Almighty.

Early in the morning, my song shall rise to Thee

Holy, Holy, Holy

Merciful and Mighty

God in Three Persons, Blessed Trinity

TECHNOLOGY IN THE 1950s

A lot of new electrical gadgets started appearing in homes and offices in the 1950s.

Television became popular in the 1950s. Sets had small screens with black and white pictures only.

More and more homes had telephones in the 1950s, although those without had to use the local callbox.

Housewives had a growing range of kitchen gadgets to choose from, including mixers, washing machines and fridges. Those without washing machines could use laundrettes or laundromats.

Vacuum cleaners were needed as many people bought fitted carpets.

Electric shavers were a modern alternative to razors and soap.

In the garden, many people bought petrol mowers, although 'push along' models were still popular.

Many offices had 'keypunch' machines or adding machines, which were an early form of computer. Most secretaries used 'manual' typewriters, but electric ones became more common.

Do you remember any of these gadgets?
